Evening:

The only story was this posted in **Oct. 2008** – before AMI owned it (the old RADAR magazine). The tape was not as part of the story that existed online. I suggest it would have been lost during the many site changes over the years. Nevertheless, I have deleted the text story completely. It no longer exists.

Donald Trump has never been shy about voicing his opinions on the fairer sex. He famously referred to **Rosie O'Donnell** as "my nice fat little Rosie" and "a real loser" during their very **public feud** back in 2006; he also boasted to **Larry King** that **Angelina Jolie** is "Okay, but she's not a great beauty, by any stretch of the imagination." But the following audio clip, a recorded phone conversation between Trump and gossip **Chaunce Hayden**, provides a telling glimpse into just how exacting the real-estate blowhard's standards are regarding women.
